

## School Visits to the Kapiti and Hutt Areas, and Visit from Mana College – June, July 2018

We had a busy couple of weeks visiting schools, and welcoming students to the Japan Information and Cultural Centre! Staff of the JICC, along with ILEP's Japanese language adviser Kyoko Mikami, visited Waikanae School, Kapiti College, Fergusson Intermediate and Hutt Valley High School at the end of June for Japanese language and culture experiences. We were lucky enough to then welcome students of Mana College who visited the Embassy of Japan in early July.

The students of each and every school were enthusiastic about Japan and showed off some impressive knowledge about the country and its culture, having all had some Japanese language learning experience through their schools. We learned some new Japanese words, played some traditional Japanese games, and much much more!

If you or your school are interested in having staff of the Japan Information and Cultural Centre visit, or if you want to visit us, please don't hesitate to contact us at any time!
